

LOS ANGELES

5th Annual Charity Ping Pong Tournament August 31st, 2017 6pm-? SPiN Lounge, Standard Hotel

USGBC-LA continues to rapidly expand its membership and programs. We are developing green leaders of all ages through our work with the Center for Green Schools. We invite you to support this work and get involved through the Green Apple Day of Service. To support these activities we are hosting the most unique charity event of the year- our annual Ping Pong Tournament. We're headed back to the SPiN Ping Pong lounge at the Standard Hotel!

Proceeds from this tournament benefit the USGBC-LA fund for Green Apple projects throughout Southern CA. Last year, we raised \$15,000 and supported a variety of amazing projects. Highlights of past projects include: building worm bins at City Language Immersion Charter, a district wide mural painting and garden installation for El Monte Union High School District, Installing 30kW of solar across four homes, finishing the Eco-Tech Makerspace in Gardena, IAQ testing for middle and high school students, and a partnership with UCLA in which their Volunteer Day sources enough young people to work at 35 locations.
